Chapter 465: The Nine Divine Dragons Forge Their Mighty Troops

---

Each member of the Nine Divine Dragons—the supreme descendants of Sung Jin-Woo and Sung Su-Ho—took a monumental step toward reinforcing their dominion and safeguarding their realms. They created their own formidable legions of dragons, each troop housed within their respective inner worlds where the flow of time was drastically accelerated: one day inside equaled just one hour outside.

This advantage allowed the dragons to train and evolve continuously, ensuring that they remained unparalleled in strength and wisdom.

The Nine Divine Dragons and Their Troops

1. Sung Ye-Jun (Inferna Draconis)

Troop Name: Blazing Inferno Legion

8. Sung Ji-Ae (Mystica Enclave)

Troop Name: Twilight Sentinels

Number: 7 million dragons

Description: Twilight-colored dragons that command both day and night energies, masters of arcane knowledge.

9. Sung Da-Hyun (Tempest Keep)

Troop Name: Tempest Stormriders

Number: 9 million dragons

Description: Black and blue tempestuous dragons capable of traversing storms and wielding cosmic winds.

The Inner Worlds of the Nine Divine Dragons

Each inner world was uniquely crafted to suit the environment necessary for their respective troops. Blazing volcanoes, moonlit forests, endless skies, cosmic seas, and arcane realms flourished within these inner sanctums, nurturing the growth and evolution of the dragons.

The Nine Divine Dragons, with their legions secured, stood ready to defend the multiverse under the leadership of Sung Jin-Woo, ensuring eternal balance and harmony.
